

Adgressor® & Adgressor® with EcoFlex™ System

Rider Scrubbers

ecoflex™ system

Smart cleaning.

 **Advance**

Deck Type: What's Right For You?

Cylindrical Benefits

- Debris pick up to eliminate pre sweeping
- Better cleaning of rough grouted floors

Disc Benefits

- More aggressive scrubbing of smooth floors
- Can use less solution

Superior turning, sight lines and compact size allows the Advance Adressor® to clean where others can't.

EcoFlex™ System models have One-Touch™ activation for an on-demand cleaning burst of power.

Adgressor® & Adgressor® with EcoFlex™ System

Rider Scrubbers

Flexibility for every kind of clean.

The Advance Adgressor® rider-scrubber with EcoFlex™ System lets you clean green and still meet the highest expectations for clean floors. With the industry's most flexible floor-scrubber technology, you can develop a sustainable cleaning routine and quickly adjust to whatever the job demands. Be prepared to get more out of your budget, clean with less impact to the environment and maintain clean floors when you do.

Operators can quickly and easily select the right blend of pad pressure, water and detergent to tackle any cleaning challenge. Here are just a few of the flexible cleaning modes:

- **Water Only** – Perfect for removing surface dirt and maintaining the clean look of floors. Water-only mode eliminates the impact of detergents on the environment and reduces cleaning costs.
- **Ultra-low Detergent** – Well suited for routine cleaning where a small amount of green-certified detergent will do the trick. Water and detergent are dispensed separately at the scrub deck, eliminating solution waste.
- **Standard Detergent** – The tough cleaning you expect. At standard detergent, pad pressure and flow rate, you'll have a combination powerful enough to pull stubborn dirt, grease, and oil from the surface.
- **Burst of Power** – For deep, restorative cleaning or unexpected challenges. EcoFlex's burst of power temporarily increases your machine's pad pressure, detergent use and flow rate at the touch of a button.

The Adgressor is designed as a true industrial rider scrubber with reliability, productivity, and ease of use and maintenance built in. Combining large scrub decks and solution capacities with maneuverability and speed, the Adgressor delivers high productivity. A steel chassis and metal bumpers stand up to tough operating environments while thick high density polyethylene tanks will not dent, crack, or corrode.

The Adgressor with EcoFlex System delivers the flexibility to clean your floors more efficiently. By using a system that cleans like you do, you'll reduce your cost to clean and create a more sustainable cleaning program.

Ideal applications include:

- Food and Beverage
- Distribution/Warehousing
- Manufacturing
- Large Retail/Malls
- Transportation Facilities
- Stadiums and Arenas
- Municipalities
- Universities
- Government Buildings

Available with EcoFlex™ System

ecoflex™ system

One-Touch™ electronic function controls are conveniently located to keep operation simple and safe.

"Quick Change™" scrub deck interchange system provides eight unique decks for one standard machine!

Easy access to batteries and other components assures minimal down time.

Low sound level 68 dB A, permits operation anywhere, anytime.

Flexibility to custom fit your application

Best in class productivity

Easy to use – Easy to maintain

The most machine for your cleaning dollar

FEATURES AND BENEFITS

RIDE ON TO LABOR SAVINGS!

Advance Adgressor® with 35 inch scrub deck cleans up to 46,200 square feet in 1 hour at 3 mph.

46,200 sq ft

1 hour

Walk-behind scrubber with 32 inch scrub deck cleans up to 28,160 square feet in 1 hour at 2 mph.

28,160 sq ft

1 hour

Considering only the labor savings from the increased productivity of a rider over a walk behind, the additional price of a rider is typically paid back in less than one year. This does not even include the productivity gains from having an operator that is more energized to accomplish other cleaning activities after scrubbing since they are:

- Scrubbing for less time – Leaving more time for other maintenance tasks.
- Sitting and scrubbing – conserving energy for other tasks.

Technical Specifications

Model	Adgressor® 3220	Adgressor® 3520	Adgressor® 3820
Scrub Path	32 in (81 cm)	35 in (89 cm)	38 in (97 cm)
Max. Productivity at 4.0 mph	56,320 ft²/hr	61,600 ft²/hr	66,880 ft²/hr
Max. Productivity at 2.5 mph	35,200 ft²/hr	38,500 ft²/hr	41,800 ft²/hr
Solution Tank	42 gal (157 L)	42 gal (157 L)	42 gal (157 L)
Recovery Tank	42 gal (157 L)	42 gal (157 L)	42 gal (157 L)
Brush Drive			
Disc –	1.5 hp (1)	0.6 hp (3)	0.6 hp (3)
Cylindrical –	Two 0.75 hp, 560 Watt motors on opposing ends, poly-V belt brush drive		
Scrub Deck			
Disc –	Manual-adjusting side skirts contain solution		
Cylindrical –	Includes hopper for collecting small litter. Auto-adjusting side skirts contain solution		
Brush Speed	Disc 250 rpm, Cylindrical 900 rpm		
Brush Pressure	Programmable 3 settings up to 250 lb (113 kg)		
Drive System	1.5 hp motor with gear transmission, band brake and dynamic braking. Programmable speeds up to 4.5 mph (7.3 kph)		
Gradeability	Transport - 20% / 11.5 deg., Working (scrubbing) - 8% / 4.6 deg		
Min. Turn-around Aisle Width	63 inch (160 cm) with a 32 inch deck		
Voltage	36 Volt for more power and longer run time		
Power Source	310 Ah or 420 Ah wet or 312 AGM maint-free battery options		
Battery Charger	Option of shelf or onboard charger		
Solution Control Cycles – All Models	Smart Solutions™ is standard providing better water and chemical utilization and fewer dump and refill		
Vacuum Motor	0.75 hp 3-stage with optional dual vacuum		
Sound Level	68 dB A at operator's position		
Frame Dimensions	Length = 61 in (155 cm), Width = 32 in (82 cm), Height = 53 in (135 cm) – All Models		
Squeegee Width	36.6 in (93 cm)	42.1 in (107 cm)	45.1 in (115 cm)
Weight	Machine Only 657 lb (298 kg). With full tank and standard batteries 1,553 lb (705 kg) – All Models		
Optional Adgressor® EcoFlex™ System Specifications			
Solution Flow Pump			
Dilution Ratios	32:1, 50:1, 64:1, 100:1, 128:1, 150:1, 200:1, 256:1, 300:1		
Refillable Cartridge Capacity	1.25 gal (4.75 L)		
Battery Watering System
