

Adgility™

Back Pack Vacuum

FACT SHEET

New from Advance is the Adgility™ back pack vacuum. With its light weight, small size, and ergonomic shape, the Advance Adgility maximizes operator agility and cleaning ability to create a new standard in comfort and performance.

At 6.4 pounds, the Adgility vacuum can be worn for extended periods of time without causing fatigue or muscle tension. Its small size and low weight allows the user to be more productive in tight areas such as cubical farms and commercial office space. Don't let its small size fool you; the Adgility vacuum has the most power, 25% more, than any machine in its class, which means better pick-up for increased productivity and deeper cleaning. Although the Adgility vacuum uses a powerful 1,000 watt motor, the unit is quiet enough for daytime cleaning without disturbing building occupants.

The Adgility vacuum features three levels of filtration and an optional H.E.P.A. filter for improved indoor air quality. The machine includes a 12 inch combination floor tool to provide dual surface cleaning for both hard and soft floors. In addition, the rotating dust brush enables the bristles to be turned to the correct angle, ensuring maximum cleaning.

The Adgility back pack vacuum was built with operator comfort in mind with its padded waist belt. The belt includes loops to hold the crevice tool and dust brush, keeping them handy when on the go. No shoulder straps make it easier for the operator to bend over to pick up trash, larger debris, and perform other tasks while vacuuming. The machine's bent wand is ergonomically designed for users of all hand sizes and is less fatiguing to use. The Adgility vacuum's patented, curved back conforms to the user's body and provides greater comfort than competing designs. This vacuum is built to fit most people's body types.

STANDARD FEATURES INCLUDE

- 50 foot yellow safety power cord
- 12 inch combination floor tool
- Chrome plated steel telescopic tube
- Ergonomic bent wand
- Rotating round dust brush
- Crevice tool
- Padded waist belt
- Built-in elastic accessory loops on belt
- 3-level filtration – dust bag, motor pre-filter, exhaust filter

TYPICAL APPLICATIONS INCLUDE

- Obstacle Filled Environments
- Office Areas
- Elevators
- Health Clubs
- Hospitals / Healthcare Facilities
- Waiting Rooms
- Religious Facilities
- Casinos and Gaming Facilities
- Government Buildings and Installations
- Retail and Malls
- Airports / Train Stations / Bus Depots
- Colleges and Universities
- K-12 Education Facilities

Advance Adgility™

Back Pack Vacuum

Combination floor tool is easy to use on hard or soft floors.

Edge cleaning is done easily with the Adgility™.

Detail cleaning on the go is easy with handy crevice tool and bristle brush.

Padded belt is adjustable for operators comfort.

Defining Cleaning Innovation...

- Our products are designed using innovative technology that increases productivity and drives down the cost to clean.
- You can get expert service and maintenance for your Advance machines from factory-trained personnel around the world. Fast parts delivery, too.
- Maintain peak performance with Nilfisk Parts.

Technical Specifications

Motor	1,000 W
Air Flow	100 CFM (244 cm)
Waterlift	96 in (244 cm)
Sound Level	68 dB A
Dust Bag Capacity	0.58 gal (2.2 L)
Standard Filtration	3 Levels
Optional Filtration	H.E.P.A.
Power Cord	50 ft (15 m)
Floor Tool	12 in (30 cm)
