

AquaClean® 12ST

Self Contained Extractor

Advance

FACT SHEET

The AquaClean® 12ST Self-Contained Extractor is the Perfect Choice for Small Area Carpet Cleaning Needs.

If you're seeking a carpet extractor with greater productivity per tankful, then consider the benefits of the Advance AquaClean® 12ST self-contained extractor.

Ideal for facilities with smaller amounts of carpet, the compact AquaClean 12ST extractor houses a 5 gallon solution tank that cleans 1,000 square feet of carpet without refilling. That's an impressive 100% productivity gain over most competitors!

Unlike extractors with multiple spray jets, the single spray jet technology used in the AquaClean 12ST will cover a 12 inch cleaning path without leaving streaks or clogging. The aerodynamically engineered and advanced design of the laminar flow vacuum shoe provides smooth air flow and equal suction, allowing for better recovery of dirty solution.

The AquaClean 12ST extractor's simplified control panel illustrates the four easy operational steps. One master button turns the machine on and off. The solution flow switch dispenses water at an optimal flow rate to prevent over-wetting the carpet, which can harbor allergens and increase drying time. In addition, the heavy-duty handle of the AquaClean 12ST extractor folds down, making it an easily portable machine.

The AquaClean 12ST extractor includes a tools-free removable cylindrical brush with a storage position that allows the brush to be stored off the floor when not in use. Optional hand extraction tools for cleaning upholstery, steps or difficult access areas are available.

STANDARD FEATURES INCLUDE

- Tools free removable brush
- Single spray jet technology
- Laminar flow shoe
- Floating brush design

TYPICAL APPLICATIONS INCLUDE

- Hospitals/Healthcare Facilities
- Restaurants
- Schools and Universities
- Government Buildings
- Supermarkets

Advance AquaClean® 12ST

Self Contained Extractor

The AquaClean® 12ST self contained extractor is the perfect choice for small area carpet needs.

Durable, rotomolded lid with flip up design.

Laminar flow vac shoe provides equal suction.

Handle folds for easy storage and transport.

Defining Cleaning Innovation...

- Our products are designed using innovative technology that increases productivity and drives down the cost to clean.
- You can get expert service and maintenance for your Advance machines from factory-trained personnel around the world. Fast parts delivery, too.
- Maintain peak performance with Nilfisk Genuine OEM Parts.

Technical Specifications

Cleaning Path	12 in (30.5 cm)
Solution Tank	5 gal (19 L)
Recovery Tank	4 gal (15 L)
Vacuum Motor	1.2 hp, 2 stage
Brush Motor	1/4 hp
Waterlift	85 in (216 cm)
Flow Rate	0.43 gpm @ 60 psi (1.62 Lpm)
Power Cable	25 ft (7.6 m) Safety yellow
Weight	Net 68 lb (30.84 kg) / Shipping 94 lb (42.64 kg)
Operating Dimensions	
Height	36 in (91.4 cm)
Length	34.5 in (87.6 cm)
Width	13 in (33 cm)
Storage Dimensions	
Height	28.5 in (27.5 cm)
Length	25 in (63.5 cm)
Width	13 in (33 cm)
Part Number	56265300
