Vacuums for Every Cleaning Need

Whether your cleaning tasks call for a vacuum that's lightweight and easy to maneuver, a heavy-duty, large-area machine, or something in between — Advance has the answer. And your Advance representative has the expertise to help you choose the best models for your cleaning program, including vacuums that meet LEED-EB guidelines and the GS-42 green cleaning standards.

Advance's line of single-motor upright vacuums delivers effective and cost-efficient cleaning. You can look for Carpet and Rug Institute (CRI) Green Label or Seal of Approval Certification on all Advance uprights. The CRI certification means the machine has passed independent tests verifying its ability to remove soil, contain dust and retain quality carpet appearance. Certified single-motor vacuums include the easy-to-maneuver Spectrum™ 12P and 15P designed with better dirt pickup and better filtration at a better value.

Advance ReliaVac® 12HP & 16HP Single-motor Upright Carpet Vacuums

- 12 or 16 inch cleaning path
- High performance cleaning power with the aluminum brush roller
- Replaceable bristle strips and beater bars for versatile cleaning
- Removable clear fan cover allows for identifying and removing clogs
- Headlight illuminates work area

Advance Spectrum™ 12P & 15P Single-motor Upright Carpet Vacuums

- 11.5 or 14.5 inch cleaning path
- Powerful 1,000 Watt, 2-stage motor
- Adjustable brush height
- Certified H.E.P.A. filtration standard
- Tools-free removeable brush
- Heavy duty cord restraint
- Convenient front handle for lifting
- Accessories are conveniently tucked behind wand
- Sealed, maintenance-free cog belt

Advance ReliaVac® 12 & 12DC Single-motor Upright Carpet Vacuums

- 12 inch path is cleaned with a durable steel brush roller
- ReliaVac® 12 top fill bag enhances vacuum power
- ReliaVac® 12 DC model has an easy to empty dirt cup
- Removable clear fan cover allows for identifying and removing clogs

Advance PowerOne® 12 & 15 Single-motor Upright Carpet Vacuums

- 12 or 15 inch cleaning path
- Superior edge cleaning with dual side suction ports
- 5,000 rpm brush provides excellent pickup capability
- 5 levels of filtration for improved indoor air quality
- Optional H.E.P.A. available
- Onboard storage of 2 extra vacuum bags and off-floor cleaning tools
- Light weight reduces operator fatigue

Dual-Motor Upright Vacuums for Powerful, Efficient Pick-up

When your facility calls for daily use of a heavy-duty, long-life vacuum, Advance has the dual-motor upright for you. Our CarpeTwin® vacuums deliver thorough floor cleaning, plus all the tools you need for off-floor cleaning. These uprights feature hospital-quiet operation (69 dB A) and a MicroStat filter that captures more debris for a cleaner, healthier facility. Because of the many features designed for a green cleaning program, the CarpeTwin vacuum has received CRI Green Label certification. Built for one-pass cleaning, the CarpeTrier™ 28 vacuum is perfect for cleaning large areas. The chevron bristle pattern on this machine draws dirt to the vacuum intake for efficient cleaning. Operator fatigue is minimized with the CarpeTrier vacuum since the need for back and forth movement is eliminated.

Advance CarpeTwin® 14 & 18 Dual-motor Upright Carpet Vacuums

- 14 or 18 inch cleaning path
- Separate vacuum and brush motors for a powerful performance
- Cleaning path is swept clean by the 5,000 rpm brush
- Converts to a canister vacuum for cleaning with the onboard tools
- Hospital-quiet at 69 dB A
- Indoor air quality is protected by the hospital grade exhaust filter

Advance CarpeTwin® 16XP Dual-motor Upright Carpet Vacuum

- 16 inch cleaning path is swept clean in one pass
- Durable construction allows for years of heavy-duty use
- 1 3/4 inch hose and wand are onboard for off-floor cleaning

Advance CarpeTrier™ 28 Large Area Upright Carpet Vacuum

- 28 inch cleaning path allows for increased productivity
- Dual vacuum motors provide generous pickup power
- Large 1 bushel capacity cloth bag is standard
- Carpet brush propels the machine, minimizing operator fatigue

Canister Vacuums for Maximum Cleaning Flexibility

Need to clean floors, plus walls, ceilings and other off-floor surfaces? Need to clean in occupied areas or during business hours? Then you need the flexible cleaning performance of canister vacuums from Advance. Canister vacs feature quiet operation and multi-level filtration systems for improved indoor air quality (IAQ). With their straight-forward design and few moving parts, canister vacuums minimize clogging and maximize reliability for the lowest total cost of ownership. The quiet, high-performance CaniStar® vacuum is CRI Green Label certified and features a superior filtration system – including a 2-ply dust bag, foam filter, multilayer paper filter and a motor protection filter. The versatile QuickStar™ vacuum cleans carpet and hard floors as well as other horizontal and vertical surfaces. Its low center of gravity and three-point stance make it easy for any operator to maneuver.

Advance QuickStar™ Canister Vacuum

- 1,100 Watt, 2 stage motor, 62 dB A sound level
- Filter basket standard for bagless operation, six dust bags included, cloth shake out bag optional
- Three levels of filtration standard
- 33 foot cord, rotating dust brush and crevice tool stored onboard

Advance CaniStar® Canister Vacuum

- Super-quiet sound level for daytime cleaning – 53 dB A
- 1,100 Watt motor for superior suction and cleaning performance
- Built with serviceability in mind, to provide the lowest total cost of ownership
- Full complement of tools for commercial cleaning tasks

Backpack Vacuums for Reduced Operator Fatigue

Cleaning confined and cluttered office space, stairways and other obstructed areas has never been easier – when you choose a backpack vacuum from Advance. Never before has there been a backpack as comfortable and effective as the Adgility XP. The weight of the vacuum is distributed more evenly on the operator with the premium cushioned harness design on the Adgility XP. The vacuum moves with the operator when bending or twisting. The Adgility hip-style vacuum combines light weight with an ergonomic shape to create a new standard in comfort and performance. The Adgility hip-style vacuum has met CRI Green Label certification requirements, while the Adgility XP has received CRI Seal of Approval for vacuums certification.

Advance Adgility™ Backpack Vacuum

- Lightweight at only 6.4 pounds
- Powerful 1,000 Watt motor generating 100 CFM and 96 inches of waterlift
- Three levels of filtration standard, H.E.P.A. filter optional
- 50 foot (15 m) safety yellow power cord for long cleaning reach
- Includes 12 inch combination floor tool, dust brush, crevice tool and six dust bags

Advance AcroBatt™ Backpack Vacuum

- Battery powered
- Patented articulated design moves with the user for greater range of motion and increased productivity
- Dual H.E.P.A. H13 filters standard for exceptional filtration and improved indoor air quality
- Form-fitting double wall ventilation system with massaging bumps provides greater comfort
- Rounded low profile design is maneuverable in tight areas

Advance Adgility™ 6XP & 10XP Backpack Vacuums

- Comfortable, lightweight design
- Premium harnessing system
- Cord restraint clips onto the safety cord and holds it in place
- Exhaust port directs warm air up and away from the operator
- SaniSeal™ self-sealing adhesive rim on bag seals to contain all dust and dirt
- Four levels of filtration

Advance Extractors are Industry Leading

From handy spot cleaners to innovative riding machines, Advance offers a complete line of carpet extraction equipment.

The Advance AquaSpot® carpet spot extractor works as a convenient, easy-to-use extractor for quick clean-up of spills or touch-ups on carpet or upholstery. The Advance AquaClean® line is one of the most popular extractors on the market. A self contained extractor, the AquaClean® provides superior cleaning results and leaves carpets nearly dry and ready to use. The Advance AquaPro® with AquaWand™ is available in three models, all with CRI Seal of Approval, to meet your various portable extractor needs. The AquaPLUS™ and AquaPLUS™ AXP™ battery extractors features *LIFT*™ Technology for low-moisture cleaning and fast dry times. Carpets are dry within 30 minutes when using AquaPLUS™ extractors with *LIFT*™. The industry-leading Advance AquaRide® rider extractor also features *LIFT*™ Technology for low-moisture cleaning. The AquaRide® is also available with AXP™ Onboard Detergent Dispensing System.

With the complete line of extractors from Advance, carpets are cleaned better, faster, and easier, resulting in increased productivity.

Advance AquaClean® 16ST/18ST/16XP/18FLX Self-Contained Extractors

- Aerodynamically engineered vacuum shoe for constant acceleration and superb water recovery
- 1.5 three stage vacuum motor, 117 inch of waterlift, 50 foot (15 m) cord
- Brush and vacuum shoe removed without tools
- XP and FLX models include onboard spotting tool

Advance AquaClean® 12ST Self-Contained Extractor

- Single nozzle spray system allows for even coverage over the cleaning path
- 5 gallon solution tank
- 12 inch cleaning path
- Single spray jet technology allows for even coverage over cleaning path

Advance Aquamatic™ Selectric Automatic Extractor

- Self-propelling drive with four speeds for forward and reverse
- 25 gallon tank-in-tank design allows for a low profile
- 18 inch brush reverses for double scrubbing

Advance AquaPLUS™ & AquaPLUS™ AXP™ Carpet Extractors

- AXP™ Onboard Detergent Dispensing System (AquaPLUS™ AXP™)
- *LIFT*™ Technology for low-moisture cleaning
- One-Touch™ operation
- Deep Treat™ cleaning for pre-spray and post cleaning treatment

Advance AquaRide® SE and AXP™ Increase Cleaning Productivity

Increase productivity by 400% compared to conventional walk-behind extractors with the Advance AquaRide®, the industry's first rider sweeper/extractor. With dual cylindrical technology for sweeping and extraction efficiency, Advance AquaRide® sweeps and extracts in one pass.

A wide 28 inch cleaning path and a 63 inch turning radius delivers superior cleaning results. The Advance AquaRide® provides more than two hours of cleaning time per tank, combined with easy maintenance and low operator fatigue that add to the bottom line. Floors are left almost dry, reducing dry time significantly and allowing you to extract whenever your floors need it. The result is a reduced cost of cleaning.

AquaRide® is now available with onboard AXP™ onboard detergent dispensing system.

**WHY WALK WHEN YOU
SHOULD RIDE?**

AquaRide® AXP™
model shown

Advance AquaPro® XP/H/C Portable Extractor

- AquaWand™ cleaning tool standard on all models
- AquaWand™ design provides increased water pick-up with less time and effort
- AquaPro XP and H feature 212° solution at the wand tip
- AquaPro XP provides 300 psi for restoration or 75 psi for light duty cleaning
- AquaPro H and C provide 150 psi
- All models incorporate onboard storage of AquaWand™, detergent bottles, and other cleaning tools

AquaPro® XP - Gold
AquaPro® H - Silver
AquaPro® C - Bronze

Advance AquaSpot® Carpet Spot Extractor

- A clear recovery tank with 2 dumping ports allows for ease of cleaning
- Exhaust air is filtered for maintaining indoor air quality
- Optional cart is designed with a tray and holds cleaning accessories

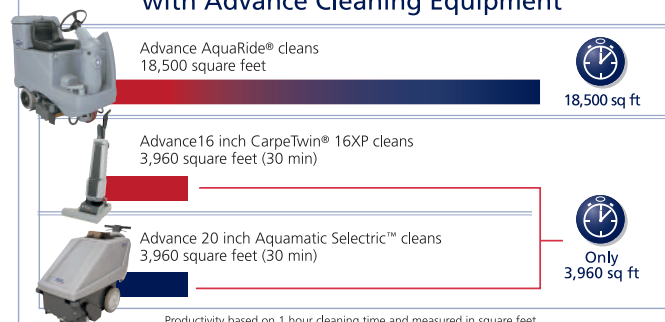

Advance HydroDry™ Dryer

- Durable rotocast polyethylene stackable blower with a 0.5 hp motor
- 3 speed settings to select the right amount of air movement
- Blower can be angled in three different positions to direct air as needed
- 25 foot power cord to reach those distant outlets

LIFT™ low-moisture technology utilizes a patented indirect spray feature that provides superior cleaning while increasing per tank productivity and reducing water consumption. Operators will experience faster dry times and true cleaning with LIFT™ technology.

PUMP-UP YOUR PRODUCTIVITY with Advance Cleaning Equipment

Advance Sweepers: the Fast Track to a Clean Sweep

From walk-behind to rider models, Advance sweepers provide superior cleaning results in a wide variety of applications and floor surfaces. Rated at only 59 dB A, the Advance Terra® 28B is one of the quietest battery operated sweepers in the industry. With A.S.A.P. (All Surface All Purpose) sweeping technology, the sweeping efficiency is maximized on the Terra® 28B when the operator transitions between hard and soft floor types. The Terra® 3700B rider sweeper offers a 37 inch sweep path for larger carpeted areas, while the Terra® 4300B is built for industrial strength sweeping – inside and out.

Advance sweepers feature tools-free maintenance and easy broom adjustments with operator-friendly controls. Recent product innovations include onboard battery chargers, maintenance-free gel batteries, and enhanced filtration.

Advance SelectSweep® Push Powered Sweeper

- 27 inch manual push sweeper
- High productivity replacement for push broom
- Large 1.4 cubic foot hopper

Advance Terra® 132B Walk-Behind Sweeper

- 32 inch sweep path
- Battery operated
- Standard onboard battery charger
- Tools-free removable brushes and hopper
- Rugged construction for carpet or hard floor applications

Advance Terra® 28B Walk-Behind Sweeper

- 28 inch sweep path
- Maintenance free gel battery standard
- Half as loud as most vacuums at 59 dB A
- Standard onboard battery charger
- Tools-free removable brooms and hopper
- Rugged construction for carpet or hard floor applications

Advance Terra® 3700B Rider Sweeper

- 37 inch sweep path
- Battery operated
- Standard onboard battery charger
- Tools-free removable brushes and hopper
- Rugged construction for carpet or hard floor applications

Advance Floor Machines Feature Easy Maintenance

Clean floors, both hard and soft, with a floor machine from Advance. The standard 175 rpm machines vary in size from 13-20 inches with motors ranging from 1 horsepower to 1.75 horsepower. All machines come standard with a safety switch and pad driver. A versatile two-speed floor machine operates at 175 and 275 rpm. To customize the cleaning capabilities of each machine, Advance provides a full line of accessories, including solution tanks, and a complete selection of pads and brushes. Advance floor machines operate efficiently, reliably and productively. Advance floor machines are made to the high standard of quality that you have come to expect from Advance.

Advance Pacesetter™ 20TS Two-Speed Floor Machine

- Versatile 20 inch two-speed floor machine
- 1.5 hp DC motor
- 66 frame motors run at 180 and 320 rpm
- Ergonomic molded handles for safety and comfort
- Pad driver included

Advance Pacesetter™ 13/17/20/17HD/20HD/20SD Floor Machines

- 13, 17 and 20 have 1.0 hp, 66 frame motors at 175 rpm
- 17HD and 20HD have 1.5 hp, 66 frame motors at 175 rpm
- 20SD is 20 inches with 1.75 hp, 66 frame motor at 175 rpm
- Ergonomic molded handles for safety and comfort
- Pad driver included

Advance All-Purpose Matador™ 20 Floor Machine

- 285 rpm is ideal for a wide variety of applications
- Durable PowerFlex™ belt driven transmission
- Powered by a 1.5 hp DC rectified motor
- Built-in 3 gallon solution tank provides extra down pressure and facilitates spray buffing
- Convenient fingertip handle adjustment and solution control
- Pad driver included

Advance Burnishers Add Luster to Floors

Advance offers a complete line of burnishers available in cord electric, propane, and battery power sources. Two cord electric models offer exclusive, patented technology to eliminate any operational variances for almost foolproof burnishing. The dust collection model provides superior dust collection enabling one pass burnishing. Four propane models are available in two different sizes to match your application. Three battery burnishers are available: two walk-behind models and a rider. The walk-behind models are built to last, offering dual dust collection bags and adjustable pad pressure. Advance introduced the battery rider burnisher to the industry to further increase burnishing productivity. Rely on Advance burnishers for all of your burnishing needs.

Advance Advolution™ 20

Cord Electric Burnisher

- 20 inch burnishing path, 1,500 r.p.m.
- Flex Floor Technology for constant even shine even on unlevel floors
- Patented gas spring provides optimal head pressure for maximum gloss performance
- EZ Store™ folding handle
- Rotating cord hook
- 75 foot safety yellow cord with hospital grade plug

Advance Advolution™ 20XP

Cord Electric Burnisher

- 20 inch burnishing path, 2,000 r.p.m. with dust control
- Flex Floor Technology for constant even shine even on unlevel floors
- Patented gas spring provides optimal head pressure for maximum gloss performance
- EZ Store™ folding handle
- Rotating cord hook
- 75 foot safety yellow cord with hospital grade plug
- Dual Port Dust Bag

Advolution™ 2710 Maximize the Shine in Less Time

The Advolution™ 2710 battery-powered rider burnisher from Advance is designed around a front steering system – accepted industry-wide as being the easiest to control and maneuver. A unique One-Touch™ control pad simplifies operator training and equipment operation.

The Advolution™ 2710 rider burnisher increases operator productivity with its ride-on capability and extended battery run-time. The burnishing pad operates at a speed of 1,600 rpms and utilizes three different pressure settings. On average, battery run-time on this rider burnisher allows the operator to burnish over 30,000 square feet (9,144 meters) per hour. Maximum tested productivity is even higher, with results exceeding 135,000 (41,148 meters) square feet on a single battery charge.

Advance Advolution™ 20B & 20BT Battery-Powered Burnishers

- Pad assist model (20B) or powered traction model (20BT) available
- Consistent and even polishing with self-regulating pad pressure
- Best passive dust control in the market, which helps improve indoor air quality
- Safety switch in pad change position
- Optional active dust control is available with the addition of an Adgility hip-style vacuum to the front of the machine

Advance PBU Series 21 & 27

Propane Burnishers

- 20 and 27 inch burnishing paths available in a variety of models with either 1,500 or 2,100 r.p.m.
- Powerful 13 or 17 hp Twin-V engines
- Fastest high gloss burnishing available
- Rugged one piece cast deck & frame - powder coat finish resists damage
- Adjustable handle
- Available with or without dust control
- Available with Carb Gard™ emissions control
- Available with catalytic mufflers

WHY WALK WHEN YOU SHOULD RIDE?

Advolution™ 2710

34,375
sq ft

Advolution™ 20XP

10,000
sq ft

- Riding is safer than walking because of better sight lines
- Employees are less fatigued, which means they can clean longer and more areas
- Rider speed is faster than walking — employees can clean more square footage in less time!

The Result? Increased productivity that drives down the cost to clean

The Right Scrubber for a Spotless Facility

Advance leads the industry with the most innovative designs, unique features, and highest productivity in floor scrubbers today. That means more cleaning flexibility, longer machine run-time, easier operation, and maximum operator safety. All of Advance's automatic walk-behind scrubbers leave floors clean and dry in just one pass, increasing safety and productivity. Whether you're moving from mop-and-bucket cleaning to a small scrubber, or you require a high performance machine with the widest scrub path and newest technology available – Advance has the machine for you. Advance scrubbers offer Smart Solutions™ flow rate, onboard battery chargers, easy to use operator controls, and many more features for performance and safety. Most Advance scrubbers operate at a sound level of 65 dB A or less, making them ideal for daytime cleaning. They are also a great addition to any green cleaning program.

Advance Micromatic™ M17B/M17E Automatic Scrubbers

- Gel batteries with onboard charger, on battery model
- Smart Solutions™ solution control
- 6-gallon solution and recovery tanks

Advance Micromatic™ 13E Automatic Scrubbers

- Replaces mop and bucket cleaning
- 13 inch scrub path, cord-electric
- Dual 6.5 inch disc brushes operate at 200 rpm
- Front squeegee system picks up solution in all directions
- 1.8 gallon "lift-out" solution tank, and 2.1 gallon recovery tank

Advance Micromatic™ 14E Automatic Scrubbers

- 14 inch scrub path, cord-electric
- Cylindrical scrub brush operates at 1,000 rpm
- Front and rear squeegee system picks up solution in all directions
- 3 gallon "lift-out" solution and recovery tanks

Advance Adfinity™ 17ST/20ST Automatic Scrubbers

- 17 and 20 inch disc scrub path
- 10.5 gallon solution and recovery tanks
- Smart Solutions™ Flow Rate
- Onboard Battery Charger
- Variable Pad Pressure
- Tools-free removal of squeegee and squeegee blades

Features that Make Scrubbing a Breeze

Many of our automatic scrubbers feature One-Touch™ operator controls for the easiest operation. They also feature an onboard battery charger for the quickest, most convenient charging option. To save water and detergent, we've designed all of our scrubbers with Smart Solutions™. This water-saving system guides the operator to select the right water and chemical flow rate for their cleaning needs, thereby optimizing water and chemical use. Along with Smart Solutions, our AXP™ onboard detergent dispensing system is available on the Adfinity™, Convertamatic®, Warrior™, Advenger® and Adgressor™ scrubber lines, so there's no wasted detergent. The Advance line of walk-behind scrubbers is also equipped with features that make them easy to maintain. The Micromatic 14E™ features a "lift-out" solution and recovery tank, while the Adfinity™ line features a tip-back tank for full accessibility.

Advance Adfinity™ 20D/X20D/X20C/X24D Automatic Scrubbers

- 20 and 24 inch disc and 20 inch cylindrical scrub paths, with traction drive
- 14.5 gallon solution and recovery tanks
- Smart Solutions™ Flow Rate
- AXP™ Onboard Detergent Dispensing System (X20D, X20C, X24D)
- Onboard Battery Charger
- Variable Pad Pressure (20D and X20D)
- Interchangeable Scrub Decks
- Tools-free removal of squeegee and squeegee blades

Advance Convertamatic® 24/26/28 C/D & 32D Automatic Scrubbers

- Available in 24, 26 or 28 inch cylindrical and 24, 26, 28, or 32 inch disc scrub paths
- 20 gallon solution and recovery tanks
- Convertamatic® AXP™ available with factory installed AXP™ Onboard Detergent Dispensing System on all sizes
- One-Touch™ scrubbing and programmable operator controls

Advance Warrior™ ST & AXP Automatic Scrubbers

- Available in 28 and 32 inch scrub paths
- 30 gallon solution and recovery tanks
- Tools-free interchangeable scrub decks
- Optional onboard AXP™ detergent dispensing system

Choose a Rider Scrubber for Increased Productivity

Need to clean large areas fast? Advance has rider scrubbers for your biggest scrubbing jobs. The Advenger® rider scrubber can clean up to 31,500 square feet an hour and features a 30 gallon solution and recovery tank, which extends cleaning time. Your operators will love the Advenger for its ride-on design and low sound level. Advance's patented AXP™ onboard detergent dispensing system – available on the 28 and 32 inch models – eliminates detergent mixing and waste while it saves time. With an industry-leading 63 inch aisle turning radius and the ability to fit through a standard doorway, the Advenger rider scrubber can go anywhere. For even bigger cleaning jobs, Advance's Adgressor™ rider scrubber is built tough, offering scrub deck options of either 35 or 38 inches wide and cleaning up to 46,200 square feet per hour. Both the Advenger and Adgressor offer interchangeable scrub decks that let you change between disc and cylindrical decks, for maximum cleaning flexibility.

Advance Advenger® & Advenger® AXP™ Rider Automatic Scrubbers

- QuickChange™ no tools interchangeable 24, 26, 28 and 32 inch scrub decks in disk and cylindrical.
- Industry leading 63 inch (160 cm) aisle turning radius.
- 30 gallon solution and recovery tank.
- 36 Volt battery system
- Advenger AXP™ available with factory-installed AXP onboard detergent dispensing system on 28 and 32 inch sizes
- Battery watering system standard on AXP machines; Kit available as an option on non AXP machine

Advance Adgressor™ & Adgressor™ AXP™ Rider Automatic Scrubbers

- Available in 35 or 38 inch disc scrub paths
- Easy to clean 42 gallon solution and recovery tanks
- 36 Volt battery system
- Rugged design with heavy gauge steel chassis and metal bumper
- Adgressor™ AXP™ available with factory installed AXP onboard detergent dispensing system on 28 and 32 inch sizes
- Battery watering system standard on AXP machines; Kit available as an option on non AXP machine

Based on ISSA practical numbers.

AXP™ Onboard Detergent Dispensing System Saves Work, Waste and the Environment

What if your cleaning equipment could mix its own cleaning solution, combining the right amounts of detergent and clean water no matter what detergent brands you use? What if the detergent and clean water were never mixed until just before the solution was sprayed on your floor, so there's no unused solution to dispose of?

If you're looking for an additional way to increase cleaning productivity, then it's time to try Advance's patented AXP™ onboard detergent dispensing system. With the AXP system, detergent is precisely dispensed at the manufacturer's recommended dilution rate and combined with clean water at the scrub deck – just before the cleaning solution is applied to the floor. You eliminate solution tank cleaning, as well as cross contamination between detergents or between clean and dirty solutions. Using a machine with AXP also allows you the convenience and flexibility to switch between multiple detergents within seconds, while minimizing operator exposure to potentially harmful cleaning chemicals.

See the annual savings with the AXP Onboard Detergent Dispensing System compared with conventional methods:

Annual Budget: Walk-behind Scrubber

Conventional	136 gallons DETERGENT (\$1092)
AXP*	68 gallons DETERGENT (\$546)

Advance Wet/Dry Vacuums for Daily Use

Wet messes, dry dirt, or somewhere in between, Advance has the right wet/dry tank vacuums for almost any daily cleaning challenge.

Known throughout the industry for rugged reliability, versatile Sprite® vacuums excel in wet and dry applications. Used daily in commercial and government buildings, schools, shopping malls, airports and healthcare facilities, operators can count on Sprite® for many years of service.

The AWD is available with an optional front air scoop kit. Lightweight and compact, the AWD is ideal for transporting between facilities.

Advance AWD w/ and w/o Air Scoop Wet/Dry Tank Vacuums

- Available in 20 and 15 gallon sizes, with compact footprint to take up minimal room in tight spaces
- Front mount squeegee optional in 24 inch or 30 inch sizes
- Adjustable handle folds over machine for easy transport
- Optional H.E.P.A. filtration available

Advance Sprite® Air Scoop™ 12 & 16 Wet/Dry Tank Vacuums

- 24 inch front mount squeegee standard, tools are separate
- 1.3 hp 2 stage motor, waterlift 88 inch, 91 CFM, 73 dB A
- Empty by tip-and-pour or front drain hose, 50 foot cord
- Removable tank for easy cleaning

Advance Adphibian™ Multi-Surface Extractor-Scrubber

Building service contractors and in-house cleaners need equipment solutions that meet the multiple cleaning demands they face today. The Advance Adphibian™ multi-surface extractor/scrubber is the answer. The Adphibian™ cleans both soft and hard floor surfaces. Maximum efficiency and flexibility are gained because cleaning staff are able to go from pre-spraying and extracting on carpeted floors, to scrubbing hard floors with just one machine.

Within 30 seconds, and with no tools required, the Adphibian's new patent-pending technology allows operators to switch between a full-functioning carpet extractor and a full-functioning cylindrical scrubber. And, the specially designed anti-microbial brushes are effective on all surface types.

As an extractor, the Adphibian lets operators choose between the fast drying LIFT™ Low-moisture cleaning mode and the deep extraction Restoration mode for heavily soiled areas. Both cleaning modes have received CRI Seal of Approval for Deep Cleaning Extractors.

The Advance AXP™ Onboard Detergent Dispensing System also lets the operator choose the perfect cleaning solution to use for all floor surfaces, while minimizing overall water and detergent use.

Advance Adhancer™ Hard-Floor Maintenance System

- Sweeps, washes, and preserves in one pass
- Cuts labor costs up to 50%
- AXP Onboard Detergent System
- Maximum brush speed 1,600 rpms
- AXP Adhancing Agent

Advance Rider Adhancer™ Hard-Floor Maintenance System

- Sweeps, washes, and preserves in one pass
- Maximum brush speed 1,600 rpms
- Cuts labor costs up to 50%
- AXP Onboard Detergent System
- Onboard battery watering kit standard

Advance Reel Cleaner® All-Purpose Cleaner

- 25 gallon clean water tank
- Onboard storage for standard accessories
- Any shape chemical bottle fits on the machine
- Clean water gauge for emptying and monitoring tank
- Clam-shell design for ease of servicing
- 2 chemical metering system
- Low profile and compact design for ease of transporting

Touchless Cleaning for Increased Productivity

Advance's All-Purpose Cleaning Systems offer touch-less cleaning that is up to three times faster than traditional methods. Advance's Micro Cleaner™ and All Cleaner™ answer the call for an affordable, touch-less approach to cleaning restrooms and other areas with hard surfaces. You'll improve productivity and see better results – now that's smart cleaning.

Offering a variety of accessories and power source options, Advance pressure washers do the job at any location. Each pressure washer comes complete with a standard hose, gun and wand. Additional optional accessories include a variety of brushes, extension wands, turbo wands and sandblast attachments. Blast away dirt and grime with an Advance pressure washer.

Whether developing new equipment, enhancing existing equipment or creating service and maintenance programs, we approach all aspects of development using Advance Total Clean® Technology.

Total Clean® Technology, exclusively from Advance, is an all-encompassing design approach that links the process of designing equipment that cleans better with equipment design that is easier to clean and maintain. The result is a reduced cost of ownership and increased productivity that drives down the cost to clean.

Nilfisk *Genuine OEM Parts* Keeping your equipment working effectively is essential for superior cleaning. Advance provides manufacturing parts and components through Nilfisk Genuine OEM Parts to help keep your Advance products working at peak performance. OEM parts are designed and built for our machines so they can be counted on to maintain our machines. They are value priced and quality built. By choosing Nilfisk Genuine OEM Parts, you can be certain you're getting the quality part you need for your machine.

Sustainability Nilfisk-Advance's fundamental attitude to the working environment and pollution is in accordance with the first principle of the United Nations conference declaration on Environment and Development (Rio, 1992):

"People are entitled to a healthy and productive life in harmony with nature."

Our environmental policy states, among other things:

- the employees shall have a safe, healthy, motivating and inspiring working environment
- the utilization of resources shall be continuously improved
- our production must be controlled, including development, sourcing and deliveries, in order to minimize environmental impact

We actively participate in manufacturing practices that are environmentally friendly, including:

- recycling and reuse of our rotomold plastic, giving it new use as battery tray housing
- recycling of all metals, aluminum, cardboard and batteries
- efficient lighting in our corporate and manufacturing facilities that use less electricity
- equipment design technology that minimizes the amount of water needed to clean

Advance products are manufactured by Nilfisk-Advance Inc., the world's largest designer and manufacturer of high quality commercial and industrial floor maintenance equipment.

Quality

A quality approach to cleaning is the commitment we make to every one of our customers. Along with each machine comes pride, craftsmanship, innovative technology, professional expertise and an international network of parts, maintenance and service support professionals.

Reducing the Cost to Clean

Every aspect of our business revolves around creating cleaning solutions that generate superior cleaning results, increase productivity and reduce the cost of ownership. The result is superior cleaning products that drive down the cost of cleaning. The pride we take in production and service will become your pride of ownership when you buy Advance equipment.

At Advance, we are defining cleaning innovation.
