- Retail Stores
- Hospitality

The Advance CaniStar® is a rugged and powerful canister vacuum yet so quiet it can be used during working hours. The CaniStar at only 53 dBs is quiet enough to be used in occupied commercial, hospitality and health care facilities. Daytime cleaning saves money and is more productive.

Even though the CaniStar is quiet, vacuum performance isn't compromised. The Advance CaniStar is equipped with a powerful 1,100 watt, 1.5 hp motor. It is designed for heavy cleaning of high traffic areas like hotel and restaurant lobbies and entry ways.

Standard filtration includes a 2-ply dust bag, foam filter, multilayer paper filter and a motor protection filter. The optional post fan H.E.P.A. filter provides the fifth filtration level and helps contain more dust for improved indoor air quality.

The Advance CaniStar was built from the ground up with serviceability in mind. The click in click out motor cassette is an industry first. The filters, electrical cord, hoses and wheels were also designed to be easily serviced.

Advance CaniStar®

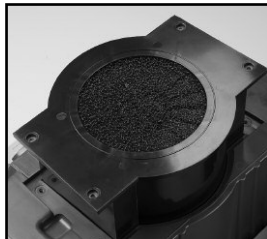

Canister Vacuum

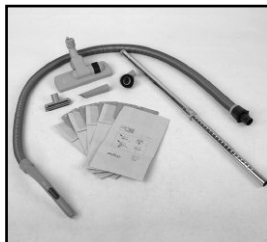

Low profile wedge shaped design maneuvers easily around obstacles

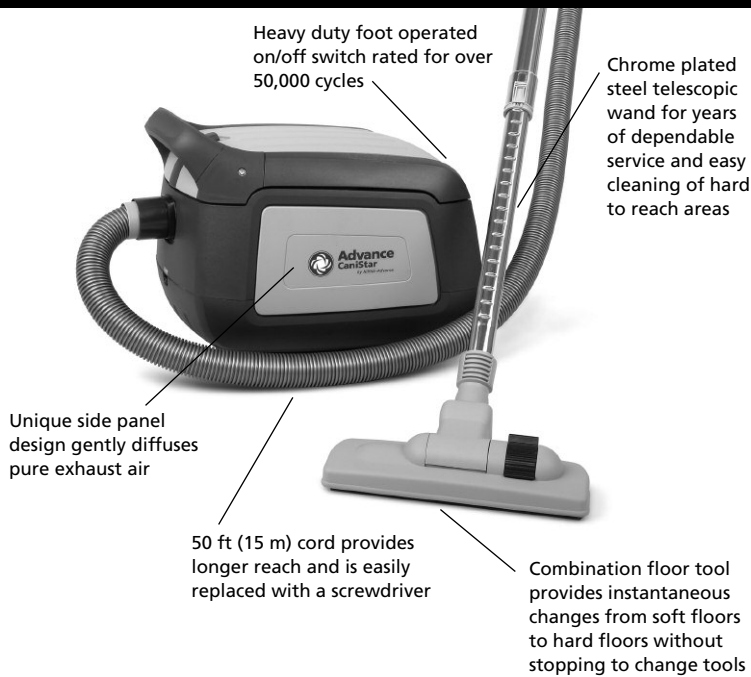

The optional H.E.P.A. filter traps dust down to 0.3 microns at 99.97% efficiency

Click in click out motor cassette for easy serviceability

Full complement of accessories for hard and soft floors

Defining Cleaning Innovation...

- Our products are designed using innovative technology that increases productivity and drives down the cost to clean.
- You can get expert service and maintenance for your Advance machines from factory-trained personnel around the world. Fast parts delivery, too.
- Maintain peak performance with Nilfisk Genuine OEM Parts.

Technical Specifications

Voltage	115 V
Rated Power	1,100 W, 1.5 hp
Protection Class	Class II, Double Insulation
Air Flow	70 cfm (33 L/sec.)
Vacuum	23 kPa
Waterlift	84.3 in (2.1 m)
Suction Power @ Nozzle	290 W
Sound Pressure Level, ISO 11203	53 dB A
Standard Filtration	4 Levels
Optional Filtration	Post Fan H.E.P.A.
Dust Bag Capacity, Net	2.4 gal (9 L)
Weight with Electric Cord	20 lb (9.1 kg)
Dimensions	13.5 in (344 mm) height x 14.2 in (359 mm) width x 18.2 in (464 mm) depth
Cable Length	50 ft (15 m)
Part Number	905 6508 010
