

Condor™ XL

Rider Scrubbers

Advance
Industrial Cleaning Equipment

FACT SHEET

The Advance Condor™ XL rider scrubber is the definition of innovative and optimized design. This maneuverable front steer scrubber houses the widest cylindrical scrub deck in its class. This deck's dual counter-rotating cylindrical brushes are capable of sweeping and scrubbing in a single pass. DustGuard™ suppresses and controls dust using a "fog" at the side broom. Using Advance's One-Touch™, the entire scrub system is activated simply by the press of a button.

Four different cleaning systems allow you to customize the scrubber to your facility's needs. Cleaning paths up to 67 inches are available on the Condor XL. This coupled with the efficiently packaged 100 gallon solution tank delivers the capability of cleaning up to 100,000 square feet per tankful under normal scrubbing speeds.

With Advance AXP™ Onboard Detergent Dispensing System, productivity and chemical savings are maximized. When it comes time for maintenance, MaxAccess allows a user to access all major systems simply and quickly without the use of tools, including the best-in-class LP bottle exchange.

The Advance Condor XL's design has set the bar in productivity, serviceability, safety, and ease of use.

STANDARD FEATURES INCLUDE

- Wide 48 inch cylindrical scrub deck
- Tools-free removeable squeegee, brushes and blades
- One-touch™ functionality
- Ergonomic cockpit and controls
- Large 100 gallon solution and recovery tanks
- Touch-pad LEDs on operator panel
- 2 inch wide drain hose
- Heavy-duty steel front bumper
- Large poly debris hopper
- Simple and intuitive controls
- Adjustable seat and tilt steering wheel
- Clear-View™
- MaxAccess to engine and hydraulics
- Tip out / lift off recovery tank

TYPICAL APPLICATIONS INCLUDE

- General Warehouses
- Manufacturing Plants
- Aircraft Hangers
- Beverage Distributors
- Food Processors
- Wholesalers of Non-Durable Goods

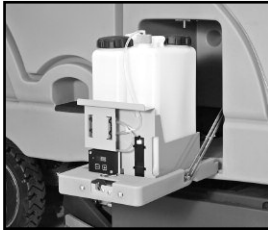

The Advance Condor™ XL, designed with Total Clean® Technology, is very comfortable and safe to use – by design. The result is increased productivity. The Advance Condor™ XL is also designed with features to make it easy to clean up and maintain after cleaning. That reduces the total cost of ownership and drives down the cost of cleaning.

Advance Condor™ XL

Rider Scrubbers

The AXP™ Onboard Detergent Dispensing System provides productivity and savings through accurate dispensing.

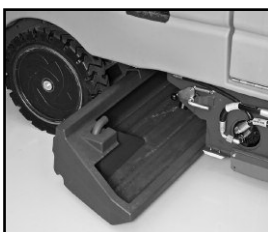

MaxAccess design provides 360° access to machine components.

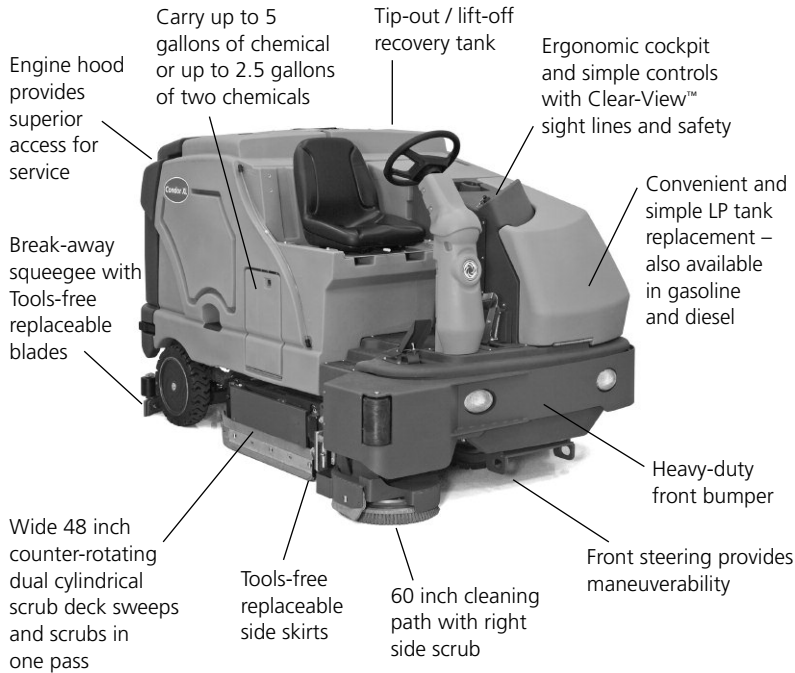

The Clear-View™ machine design provides excellent sight lines to the floor from the comfort and safety of the operator's seat.

DustGuard™ suppresses airborne fugitive dust allowing continuous use, and increasing productivity by up to 71%.

Corrosion resistant hopper slides out easily for maintenance.

Industrial Strength Solutions...

- Our products are designed using innovative technology that increases productivity and drives down the cost to clean.
- You can get expert service and maintenance for your Advance machines from factory-trained personnel around the world. Fast parts delivery, too.
- Maintain peak performance with Nilfisk Genuine OEM Parts.
