

Micro Cleaner™ & All Cleaner™

All-Purpose Cleaners

FACT SHEET

Restrooms present one of the most demanding and undesirable cleaning challenges. Manually wiping and scrubbing fixtures and other hard surfaces is time-consuming, exposes cleaning staff to unsanitary conditions and often falls short of cleanliness standards. Advance's All-Purpose Cleaning Systems offer touch-less cleaning that is up to three times faster than traditional methods, all in a compact unit smaller than a shopping cart.

The All Cleaner™ packs the cleaning power you need while running circles around your old equipment. Sure, the automatic chemical system, indoor pressure washer, powerful liquid recovery vacuum and stretch hoses offer a significant upgrade over hand-cleaning, but what's functionality if it's not accessible and easy to use? All standard tools and other cleaning accessories fit neatly into All Cleaner's small design. That means no more lugging around heavy equipment or dragging hoses – operators can easily maneuver the unit in restrooms, stairwells and other tight spaces.

When it comes to versatility, the All Cleaner makes the most of its small design. Its open chemical system allows use of any two chemical bottles (including green cleaning approved solutions) and controls the dilution rate for the proper application each time. And whether your bottle is round or rectangle, it will fit in the holding wells on both the Micro Cleaner and All Cleaner.

For hard surface cleaning where solution recovery is not required, the Micro Cleaner™ utilizes micro-fiber mops that absorb solution while you clean. The result is a more maneuverable unit in a smaller and even more affordable package. And just like the All Cleaner™, you'll save precious storage space in your equipment closet because of its small size.

Advance's Micro Cleaner and All Cleaner answer the call for an affordable, touch-less approach to cleaning restrooms and other areas with hard surfaces. You'll improve productivity and see better results – now that's smart cleaning.

STANDARD ACCESSORIES INCLUDE

Micro Cleaner™

- Micro Fiber mop
- Variable Pressure Gun
- Scrub Brush w/ Squeegee
- Bucket
- Hand Squeegee Tool
- Fill Hose
- Metering Tip Packet (7)

All Cleaner™

- Two Bend Wand
- Variable Pressure Gun
- Scrub Brush w/ Squeegee
- Floor Squeegee Tool
- Hand Squeegee Tool
- Fill Hose
- Metering Tip Packet (7)

TYPICAL APPLICATIONS INCLUDE

- Restrooms
- Locker Rooms
- Stairwells
- Kitchens
- Windows
- Carpet Pre-spraying
- Exercise Facilities
- Hallways

Advance Micro Cleaner™ & All Cleaner™

All-Purpose Cleaners

Optional front mount squeegee for easy water pick-up

The spray gun makes dirt removal easy in hard to reach areas and allows for quick rinsing of surfaces

Clam shell design for easy access to the component pallet

Component pallet is removable

Universal chemical bottle storage

Defining Cleaning Innovation...

- Our products are designed using innovative technology that increases productivity and drives down the cost to clean.
- You can get expert service and maintenance for your Advance machines from factory-trained personnel around the world. Fast parts delivery, too.
- Maintain peak performance with Nilfisk Genuine OEM Parts.
