

# Terra® 132B

Walk-Behind Sweeper

## FACT SHEET

### STANDARD FEATURES INCLUDE

- Onboard Battery Charger
- Roll-out hopper with wheels & integral handle
- Two-stage dust control filtration
- Variable speed self propulsion
- Rugged Roto molded body
- Mechanical Litter Flap

### TYPICAL APPLICATIONS INCLUDE

- Carpeted Office Areas
- Shopping Malls
- Sidewalks and Curbs
- Schools and Universities
- Airports
- Convention Centers
- Hard and Soft Floors

### OPTIONAL ACCESSORIES INCLUDE

- Various Main & Side Brooms
- Electric Filter Shaker

For sweeping inside on carpeted or hard floor areas or sweeping outside your facility, the Terra® 132B walk-behind sweeper is the fastest, most reliable way to keep an area clean.

The Terra 132B sweeps a 32 inch (81.3 cm) path, and has a cleaning capacity up to 38,700 square feet (3,596 m<sup>2</sup>) an hour.

All models have efficient two-stage dust control filter systems with a manual or optional electric shaker to clear the filter during cleaning. The over-throw design fully utilizes the hopper capacity, so it sweeps longer, with less time spent emptying.

This sweeper is light and easy to handle, with all controls conveniently located for the operator.

The Terra 132B comes standard with an onboard battery charger. This provides the flexibility to charge anywhere and at anytime.

Maintenance is easy too. The high-speed main broom, side broom and panel dust filter are all easy to change without the use of tools. Hood opens to give clear access to batteries and other service areas.

Check out the Terra 132B sweeper and get great performance while you clean up on savings.

# Advance Terra® 132B

## Walk-Behind Sweeper

Both the main and side brooms remove and replace easily, without the use of tools

Two-stage dust control filtration. A panel filter, and a pre-filter to improve efficiency. Accessible without tools

Variable speed self propulsion improves ease of use and productivity

Hood lifts back permitting easy access for service or maintenance

### Defining Cleaning Innovation...

- Our products are designed using innovative technology that increases productivity and drives down the cost to clean.
- You can get expert service and maintenance for your Advance machines from factory-trained personnel around the world. Fast parts delivery, too.
- Maintain peak performance with Nilfisk Genuine OEM Parts.

## Technical Specifications

<b>Sweeping Path</b>	32 in (81.3 cm)
<b>Main Broom</b>	24 in (61 cm) x 10.5 in (27 cm)
<b>Side Broom</b>	14 in (42 cm) diameter
<b>RPM</b>	400
<b>Hopper Capacity</b>	1.8 ft <sup>3</sup> (51 L)
<b>Dust Filter</b>	Resin-coated, pleated paper panel, 27 ft <sup>2</sup> (2.5 m <sup>2</sup> ) area
<b>Motor</b>	600 W
<b>Batteries</b>	Two 6 V, 242 Ah Wet Acid or Two 6 V, 180 Ah Maint.-Free (Gel)
<b>Max Speed</b>	2.8 mph (4.5 kph), forward only
<b>Machine Weights</b>	
Machine Only	(with onboard charger) 217 lb (98 kg)
Battery Weight	Two 6 V, 242 Ah wet – 132 lb (60 kg) or Two 6 V, 180 Ah maint-free (Gel) – 136 lb (61.6 kg)
<b>Battery Charger</b>	Standard onboard, 12 V, 20 amp, wet/dry, both models
<b>Part Numbers</b>	
Terra® 132B	56 102 248 w/(2) 6 V, 242 Ah wet batteries, 12 V 20 amp onboard charger
Terra® 132B	56 102 682 w/(2) 6 V, 180 Ah maint-free (Gel) batteries, 12 V 20 amp onboard charger
